Dear Sir/ Madam,

Subject: Timely registration of employees under NPS

Please refer to our various communications and meetings/ workshops/ conferences in which issue of delayed PRAN generation was discussed for protecting the interest of the employees who are covered under NPS. You will agree that registration of eligible employees under NPS beyond a reasonable timeframe impacts their accumulations as well as the pension receivables at the time of their retirement.

Recently, we have come across a case in which an employee due to lack of discipline of his Nodal Officer in registering him under NPS, took recourse to the legal action against nodal officer as his NPS contributions could not get deposited timely in absence of NPS account/ PRAN. Finally, the Hon'ble Sessions Court has directed the State Government to deposit NPS contributions of the employee alongwith interest at very high rate.

In order to avoid payment of such penalties/ high interest in future, streamlining of NPS operations at nodal office level is essential. Therefore, all concerned authorities are advised to ensure timely registration of all eligible employees under NPS so that no such incident occurs again.

Yours faithfully

PFRDA/2015/19/CSG/1

Date: 30th June, 2015

DTAs, DTOs, DDOs & other SG Nodal offices

Subject: Reactivation of PRAN post exit from NPS

PFRDA has been receiving requests from various government nodal offices to reactivate the PRANs for credit of missing NPS contributions, wherein withdrawal requests have already been settled towards final payment to the subscribers.

Currently, the exit process is initiated with the generation of claim ID six months prior to the date of superannuation. As per PFRDA Exit & Withdrawal Regulations-2015, the employee's and employer's contributions of last three months prior to superannuation shall not be uploaded in the NPS account but would be credited to the same other account of the subscriber, directly by the employer. During the withdrawal process which stretches over 6 months, both the subscriber and the nodal office have sufficient time to ensure and to confirm that all the missing contributions have been uploaded in the respective PRAN.

In light of the above, PFRDA shall not entertain any such request forthwith, for uploading contributions of arrears/ missing credits after final settlement of exit/ withdrawal of the subscribers and consequent closure of their NPS account. Henceforth, missing credits, if any, should be settled mutually between the subscriber and the Nodal office as per their internal administrative process and outside the NPS architecture, as is currently applicable to last three months contributions before superannuation in line with the guidelines issued by PFRDA in this regard.

Therefore, all government nodal offices are instructed to ensure uploading of all the pending contributions in the PRANs, before initiating/ processing/forwarding the withdrawal requests to the CRA and take necessary action as per this circular.
