

Commendable job by Police personnel: Swift action of Police averted a major incident near RBV School.

Port Blair, January, 03: General people were diverted/cautioned safely from the danger of overhead live power supply which may possibly get connected with the safety nets broken away from one end near RBV School and dropped on the road by HC/CH Joga Rao (off duty) of IRBn, A&N Police who took ideal decision in favour of general public on the spot and performed exceptional work in order to safety of general public/commuters. Later on, one Shri Pramod Kumar, SI (Comn.), Shri Binu SI (Comn.) (off duty) and a civilian (unidentified) was also joined with him.

On 03.01.2017 at about 0835 hrs while HC/CH Joga Rao was on the way to office via VIP Road, he suddenly noticed sparks on the high voltage electric cable lying between Secretariat to Police Lines and within a fraction of time the wire net fixed under the high voltage electric cable as a safety guard was broken away from one end and dropped on the road near the RBV School, VIP Road. Further, he observed that the wire nets were still hanging upon the road exactly on the blind turning, which would cause danger for the life of general public/commuters as there would be possibility of live power supply.

Being a responsible citizen of India and a Police person as first responder with the sense of responsibility, he positioned himself in the center of the road to divert the vehicles and cautioned the general public about the anticipated danger. As per report, he diverted/cautioned more than 100 vehicles safely, as the incident occurred during the peak hours of School & Office going commuters and the road traffic was in rush. In the meantime, he called PCR helpline and informed about the incident and called for assistance.

Later on, Shri Pramod Kumar, SI (Comn.), Shri Binu Kumar, SI (Comn.) (Off duty) and a public (unidentified) were also came forward for his assistance. Subsequently, they made cautionary signs by using bricks, red coloured plastics and iron rods found nearby. All of them ensured the safety of general public and remain present till the PCR vehicle reached the spot. This act of DETERMINATION & GOOD WORK was witnessed by the general public.

It is a best paradigm for all common people, might encourage them to come forward for the help of others voluntarily without any uncertainty/hesitation. The perfect decision and noteworthy performance of above Police personnel was appreciated by one and all and might be a significant job to put off any untoward major incident.
